Biology Student Wins 1st Place at Research Symposium

May 6, 2015

Graduate Student Ryan Martin Day received 1st Place in the Poster Presentation at the 2015 Georgia Southern University Research Symposium. The title of his poster is, 'Effects of Biochar on Soil Water Retention, pH and Radish (*Raphanus sativus*) Plant Growth'. Ryan is a graduate student in the [M.S. Biology Program](#) and works with Biology Professor Dr. Subhrajit Saha. Congratulations Ryan!
